Test Report # 13B-00501
Date: April 9, 2013
PO #: -

SAMPLE INFORMATION:

Description: MyLine Luxury Non-Slip Baby Playmat-Train ABC
 Assortment: Train ABC
 SKU/Style No.: MLNSBPM-TA UPC No.: 799422605626
 Factory/Supplier: Meilong Country of Origin: China
 Country of Distribution: USA Labeled Age Grade: -
 Quantity Submitted: 4 Appropriate Age Grade: All Ages
 Date Received: 4/1/13 Tested Age Grade: All Ages
 Testing Period: 4/2/13 – 4/9/13

OVERALL RESULT:

PASS

At the request of the client, the sample was evaluated for compliance with the following specifications:

CONCLUSION	SPECIFICATION
PASS	Mandatory Toy Safety Standard ASTM F963-11, Sections 8.8 & 8.9 for Torque & Tension & 16 CFR 1500, Federal Hazardous Substances Act (FHSA), Sections (e) and (f) for Torque & Tension

 Sample Description: MyLine Luxury Non-Slip Baby Playmat-Train ABC

DETAILED RESULTS:

**Mandatory Toy Safety Standard ASTM F963-11, Sections 8.8 & 8.9 for Torque & Tension
 16 CFR 1500, Federal Hazardous Substances Act (FHSA), Sections (e) and (f) for Torque & Tension**

Mechanical hazards evaluated as described in 16 CFR 1500.51-1500.53 (e) and (f) and ASTM F963-11, Sections 8.8 and 8.9.

Test	Conclusion	Observation
Torque	PASS	No Small Parts, Sharp Points or Sharp Edges
Tension	PASS	No Small Parts, Sharp Points or Sharp Edges

Observations:

- No small parts, sharp points, or sharp edges were released as a result of the testing requested on 4 samples evaluated.
- The corner of the play mat where the border overlaps, on 4 of 4 samples evaluated, was observed to have separated from the substrate material upon application of the 15 pound force but did not exhibit any small parts, sharp points, or sharp edges.
- 1 of 4 product container bags exhibited separation upon removal of the sample from the bag. No small parts, sharp points, or sharp edges were exposed.
- The labeling tag affixed to the play mat released on 4 of 4 samples with a force less than 1 pound applied parallel to the surface of the mat. No small parts, sharp points, or sharp edges were exposed.
